# YOUR FREEDOM IS OUR PHILOSOPHY

With boundless passion, we at KNAUS have been creating unforgettable holiday moments since 1960. Backed by our experience and the courage to blaze new trails, we combine the familiar with the new. For our production, we rely on Lower Bavarian craftsmanship, and when developing new vehicles, we employ cutting-edge design and production technologies. This combination of proven principles and innovative ideas makes us one of the industry's most successful brands. **And the #Number 1 for our customers.**

## KEY CUV

Notes on original KNAUS components and further online information can be found with the following symbols:

All specifications include some optional extras which can be obtained for an additional charge.

## 1. From the idea to the prototype

Who is our target group for the new CUV? Active holidaymakers, small and large families, sports enthusiasts? We define how the vehicle must be designed and equipped to suit your particular needs. We develop various layouts and create the future design. The idea takes tangible shape for the first time with the prototype construction. We put our ideas to the test in reality and analyse everything precisely. The prototype must pass numerous tests to meet our quality standards.

## 2. Production

All tests passed? Then we can start with series production now. Our main production and development site is located in Jandelsbrunn in Lower Bavaria. In Mottgers in Hesse and in Nagyoroszi in Hungary there are two other ultra-modern production sites. To ensure optimum conditions, we continuously invest in our sites and above all in our more than 2,900 employees throughout the group many of whom have been with us for 30 years and more.

## 3. Satisfied customers

Whether at your local dealer or directly from the factory: we like you to feel comfortable in your new vehicle from the very first moment. That's why our experts give you a comprehensive on-site instruction when you pick up your vehicle from the factory.

## 4. The mein.KNAUS family

Take advantage of the attractive benefits of the mein.KNAUS customer club! With your free membership you will receive the exclusive my.KNAUS card which guarantees you numerous immediate discounts with over 7,000 partners as well as access to the trade fair customer area. You can find more information on page 96 or register directly at [mein.knaus.com](https://www.mein.knaus.com)

*Club members receive exclusive invitations to our KNAUS meetings as well as the exciting customer magazine INSIDE*

# OUR CUVS – AS GREAT AS YOUR HOLIDAY PLANS

Everyone travels in their own way. That's why our CUVs provide maximum variety and you can find the perfect model for your holiday dreams. The three different body heights and vehicle lengths make both adventure couples and extended families happy.

# MAXI CHASSIS: FOR ALL WHO HAVE BIG PLANS

The optional Maxi Chassis provides you with optimised vehicle load capacities and an extended towing capacity. In order to distribute the extra weight optimally to the CUV we adjusted the front and rear axle loads and installed larger 16" wheels and reinforced brake systems. In particular the large and internally ventilated brake discs ensure optimum driving properties when driving uphill.

*Applies to option 3,500 kg Maxi chassis instead of 3,300 kg Light chassis only.*

There is nothing more comfortable than a cosy fixed bed waiting for you

# BOXSTAR

from page 10

Everything must have a defined place so you can really feel at home. When you pack your CUV, things must be perfectly organised. That's why you prefer fixed beds and spacious built-in furniture.

# BOXLIFE

from page 44

You want a travel companion who is just as flexible as you are. Today as a couple, tomorrow a road trip with friends or simply getting out into nature on your own. You love how easy it is to always perfectly adapt your CUV to your needs.

To discover the multifunctional Vario rear concept, please start on page 46

### Everyone is floating on cloud nine.

Not only the couple in love but also the dinette table. It does not require any table legs and therefore offers plenty of legroom.

*Width and inclination of the bench can be adjusted for more seating and travel comfort*

*No cold feet thanks to the well placed heating outlets*

**1. Cosy seating area.** Due to a flexible, extending table, rotating front seats, and a pull-out bench, there's always a cosy seating area for up to 4 people.

**2. Optimum base.** Frost monitor, drain valve and heating are located under the bench. Everything is very easily accessible and well organised.

*With the new roof and floor design all KNAUS CUVs now provide even more headroom in the interior. Perfect for tall people like Theo*

*The floating dinette table enables particularly comfortable access to the seating group without any obstacles such as bothersome table legs. This ensures maximum use of space and living comfort*

BOXSTAR 540 ROAD

LOUNGE OVERVIEW

540 ROAD Bench

**Just the way you like it.**

The thoughtfully designed kitchenette provides enough space for preparation, enjoyment and storage. This way, cooking is even more fun for Mara.

- 1. Drawers with full-extension slides.** They slide out so far that the can be filled easily right to the very back of the drawer.
- 2. Intelligent design.** The stainless steel sink is recessed into the worktop and provides sufficient space for washing up.
- 3. Optimal lighting.** The LEDs under the cabinets ensure optimal lighting of the work surface. There are two sockets for connecting a kettle, toaster or similar appliances.

KITCHEN OVERVIEW

540 ROAD Compact kitchen

**BED & BATHROOM OVERVIEW**

540 ROAD with compact bathroom\*

\*Optional open bathroom  
More details on our bathrooms, please see **pages 88 - 89.**

**Refreshed and cleaned up.**  
The space in the multifunctional compact bathroom is optimally used with innovative details such as the sliding mirror and the rotating toilet.

**1. Well thought-out down to the tiniest detail.**

This is typical of CUV: spacious compartments and maximum legroom in the toilet area despite the compact vehicle dimensions.

**2. Practical storage space.**

The ceiling cabinets above the bed offer plenty of room for clothes, books and bits and pieces. LED reading lamps under the cabinets provide pleasant light.

*To find out how the furniture modules change when you select the optional open bathroom, please check page 89*

### Favourite place and holiday scent.

In the BOXSTAR 600 STREET Mara and Theo can simply chill out and enjoy the scent of Provence. The [floating dinette table](#) provides for plenty of space for stretching your legs and being [comfortable](#).

**1. High-quality screens.** In the seating area and on the longitudinal beds, we have installed breathable and additionally insulating front wall screens. At the same time, these visually integrate the comfort roller blinds of the Seitz S7P frame windows.

**2. Variable bench.** The seat can be adjusted in different directions for more freedom of movement and ergonomic travel.

The optional LED spotlights can be flexibly aligned and turned on and off particularly easily, thanks to the touch function.

Superb legroom: The floating dinette table gives you the chance to stretch your legs without restriction

**Cooking is done with love here.** It's also done with fresh herbs from the Provence. Due to the counter-top extension there is plenty of preparation space alongside the spacious storage cupboards.

- 1. Flexible counter top.** It's no problem when there's more to cut and prepare. Thanks to a hinged extension and sink cover the counter top can be extended to a maximum.
- 2. Cool device.** With a volume of up to 90 litres, the CUV refrigerators offer extra space and are particularly quiet thanks to night setback.
- 3. 2-flame cooker.** Fast and easy use of hobs thanks to electric ignition.

**A new definition of beauty sleep.** Mara and Theo sleep really well in the spacious transverse bed, and in addition they enjoy a unique view when they open the rear doors.

**1. Standard compact bathroom.** Sliding mirror, numerous shelves and optimised legroom ensure maximised benefits.

**2. Optional open bathroom.** The hand washbasin can be folded out into a large washstand and the passage to the bed is used as space for the spacious shower unit. For more information, please see page 89.

# A STAR FOR EVERYONE: OTHER BOXSTAR 600 VARIANTS

Same vehicle length, same vehicle height, same living comfort. But perfectly matched to the different types of travellers and their needs. With the intelligently designed sleeping area variants it is easy to fall in love. For more information on our XL high roof models, please start on page 32.

*When the children get ready to leave the nest and more privacy is needed the BOXSTAR 600 SOLUTION with rear transverse bed and front lifting bed is the right choice*

*Young KNAUS families love the practical bunk bed with 4 transverse sleeping areas in the BOXSTAR 600 FAMILY as everyone can lie next to each other and relax together*

*Perfect for couples who like to spread out a little while sleeping. The comfortable single beds in the BOXSTAR 600 LIFETIME*

## 600 SOLUTION

**1. Classic front lifting bed.** Up to two additional persons can be accommodated in the comfortable 176 x 130 cm standard lifting bed.

**2. Cosy rear transverse bed.** The comfortable 2-layer cold foam mattresses provide an optimal basis for a good night's sleep.

*To find out what makes the Classic front lifting bed so special, see page 86*

### BOXSTAR 600 SOLUTION

The perfect solution for anyone looking for maximum privacy. The BOXSTAR 600 SOLUTION is equipped with the Classic front lifting bed as standard. The Vario front lifting bed (194 x 130 cm) is available as an option. For more information on the various lifting bed sizes please refer to **pages 86 - 87**.

Length cm	599
Width cm (exterior/interior)	205 / 187
Height cm (exterior/interior)	282 / 218

**600 FAMILY**

**1. Sleeping comfort for four.** The spacious rear bunk bed provides space for the whole family. The upper transverse bed can be easily reached using a stowable ladder.

**2. Optimal use of storage space.** You can also use the rear area for more luggage or less passengers by removing the slatted frames.

**600 LIFETIME**

**1. Expandable single beds.** The access to the bed can optionally be closed with an additional cushion to create a large reclining area.

**2. Comfortable access.** To get even more comfortably into the land of dreams, a fixed step provides a particularly easy access to the bed.

**BOXSTAR 600 FAMILY**

Young families love the practical rear bunk bed with four comfortable transverse sleeping areas. This way everyone gets their own permanent place to sleep and parents can be sure that their little adventurers will really come to rest. Well thought-out wardrobes provide sufficient storage space.

## For large families, friends and all who like sharing: our BOXSTAR 600 XL high roof models

The high roof structure with additional GRP roof structure provides a gigantic amount of space with an interior height of up to 238 cm. The high roof bed can be pushed easily and smoothly into the sleeping position with one hand and provides two separate and particularly comfortable sleeping areas.

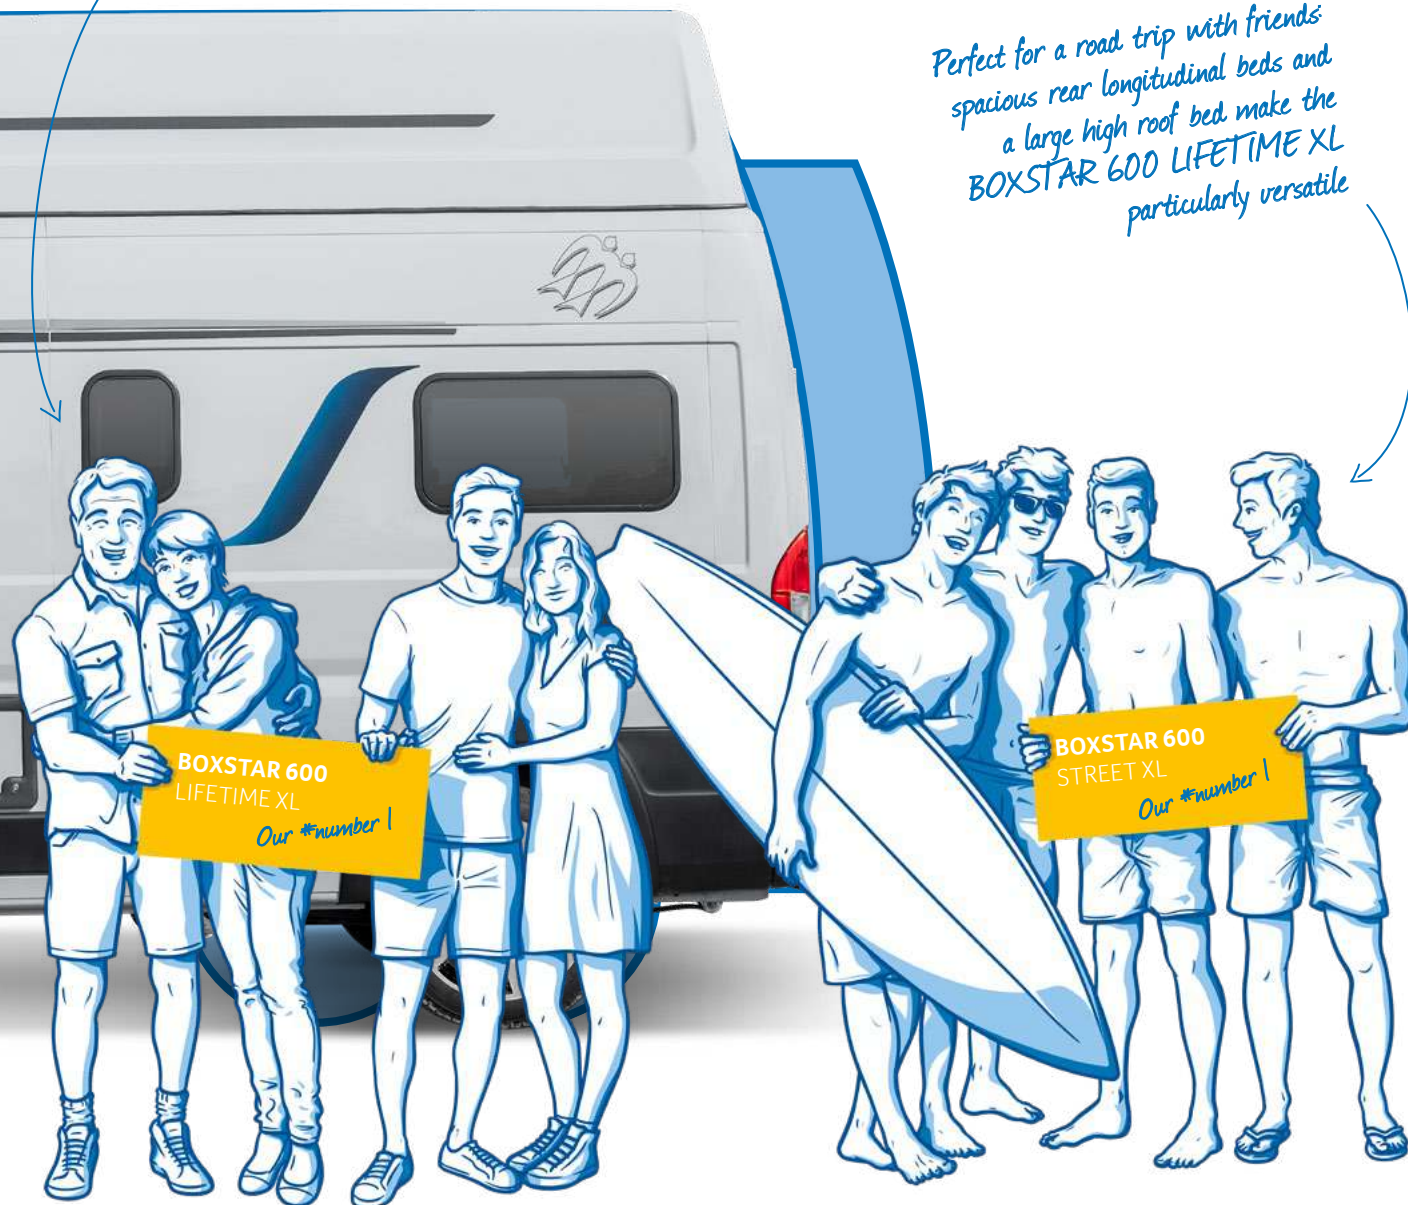

*The high roof convinces with its dynamic shape, and its double shell provides optimal insulation values. The well thought-out arrangement of the tank system with its particularly low centre of gravity ensures exceptional optimum vehicle stability*

BOXSTAR 600 LIFETIME XL

*Going on a mystery tour with your partner today, tomorrow with your grandchildren, and lending your children the vehicle next week. In addition to the rear transverse bed the BOXSTAR 600 STREET XL has two full-size sleeping places in the high roof bed*

*Perfect for a road trip with friends spacious rear longitudinal beds and a large high roof bed make the BOXSTAR 600 LIFETIME XL particularly versatile*

BOXSTAR 600 LIFETIME XL 1

### HIGH-ROOF BED

**1. Space-saving and smooth-running.** The high-roof bed is particularly easy to retract and extend in a single action. A special mechanism ensures that it engages securely.

**2. Heavenly sleep.** Dimmable side windows and fully-fledged cold foam mattresses ensure optimal sleeping comfort.

**Layouts:** BOXSTAR 600 STREET XL, LIFETIME XL

**600 STREET XL**

**1. Safe and easy access.** The ladder can be easily hooked on and safely stowed if you don't use it.

**2. Gigantic space available.** The entire living space gains in height with the high roof construction. This also improves the sleeping comfort in the rear transverse bed.

*If you choose the optional open bathroom here you will also receive an extra high wardrobe*

**600 LIFETIME XL**

**1. Comfortable longitudinal beds.** Absolutely unique in this class: here you can relax in four fully-fledged longitudinal beds.

**2. Unique headroom.** Even when the high roof bed is extended there is still a headroom of more than 170 cm (238 cm when retracted).

*Two tilting roof windows & the huge SkyRoof panoramic roof as an option provide for a light-flooded interior*

**BOXSTAR 600 STREET XL**

The perfect travel companion for everyone who likes spontaneity. Thanks to the combination of a fixed rear transverse bed and a comfortable high roof bed there are four comfortable sleeping places. In addition, the spacious storage units provide sufficient space and options to stow the whole luggage.

**Length** cm 599  
**Width** cm (exterior/interior) 205 / 187  
**Height** cm (exterior/interior) 308 / 238

More information at: [www.knaus.com/boxstar-xl](http://www.knaus.com/boxstar-xl)

**BOXSTAR 600 LIFETIME XL**

The new darling of large families. No matter what plans you have for the next journey and who will come with you, everyone will find their favourite place in the BOXSTAR 600 LIFETIME XL. Four spacious longitudinal beds, two in the rear and two in the high roof, ensure perfect relaxation and increased sleeping comfort.

**Length** cm 599  
**Width** cm (exterior/interior) 205 / 187  
**Height** cm (exterior/interior) 308 / 238

**At eye level with happiness.**

Simply open the sliding door, let the sun in and enjoy the view. This way even housework becomes a pure pleasure.

*Intelligent storage space in the platform floor - ideal for shoes*

**1. Great feeling of space.** With the numerous pull-out and hinged or swivelling extensions, the living space in the BOXSTAR 630 appears even larger and offers you the possibility of creating additional space in all living areas in an instant.

**2. Room climate on the platform.** Additional ventilators and an optional floor and seat heating ensure an absolute feel-good atmosphere.

BOXSTAR 630 FREEWAY

*The floor covering made of hard-wearing PVC appears very elegant and even looks fresh after numerous holidays*

*No bothersome table legs but a rotating table top extension. This is optimal use of space*

LOUNGE OVERVIEW

630 FREEWAY Bench

**A culinary delight.** With the high-quality two-burner hob not only Swedish Pannkakor but also German Pfannkuchen, American pancakes, French crêpes, etc. turn out well.

**1. Ice-cold CUV technology.** The 90-litre compressor refrigerator is equipped with a 7.5-litre freezer and installed at eye level in the kitchen module. Its energy efficient performance and night time noise reduction system do not only have a positive effect on the electricity balance but also ensure a good night's sleep.

**2. Folding worktop extension.** The kitchen can be easily and quickly extended thanks to one-handed operation. The optional KNAUS bag has its fixed place in the kitchen.

**Slept well?** A question that Mara and Theo have no need to ask. The two-layer cold foam mattress ideally moulds itself to the individual lying position.

**1. Optional open bathroom.** When choosing the open bathroom the passage to the sleeping area with a variable circular wall is transformed into a spacious shower cubicle and the beds are enlarged by approx. 90 mm within seconds. The washbasin can be converted into a large wash table in just a few easy steps.

**2. Very well organised.** The bathroom cabinet provides plenty of space for your cosmetics. Special shelf fronts ensure things stay in place whilst you travel.

**BED & BATHROOM OVERVIEW**

630 FREEWAY 2 - 5 with compact bathroom\*

H2

BOXLIFE 540 MQ **NEW**

Everyday hero and storage miracle for everyone who likes to travel as a couple and appreciates the manoeuvrability of a 5.40 m vehicle.

Layouts with single beds

600  
from page 58

H2

BOXLIFE 600 MQ

The best choice for couples looking for an optimal combination of agility, space and variability.

BOXLIFE 600 ME **NEW**

Late risers and lateral thinkers welcome. There are two longitudinal single beds and two additional bunk beds in the rear as an option.

H3

BOXLIFE 600 DQ **NEW**

The two separate sleeping areas provided by the standard front lifting bed are perfect for families with children.

630  
from page 66

H3

BOXLIFE 630 ME

Maximum sleeping area options. The standard rear lifting bed provides comfortable single beds and can be extended with an additional rear bed, a front lifting bed and a guest bed for up to 7 sleeping areas.

*An additional bed in the rear or a front lifting bed? Why an "or"? Everything is possible here. For more information on the various optional bed variants, please refer to pages 86 - 87*

# MAXIMUM FLEXIBILITY

There is no substitute for storage space. Except for even more storage space without having to forgo living comfort. The innovative Vario rear concept offers the best solution in every situation and an incredible loading volume of up to 2,350 litres.

*The unique variability is available for all vehicle heights and lengths. Which one suits you?*

*No more space problems, for even the largest bulk purchase can be conveniently stored in the BOXLIFE. It's a true everyday hero*

*Not having to do without anything also means being able to conveniently pack even bulky items and large sports equipment*

*Everybody aboard! There's space for other travellers and their entire luggage*

*...holidays with friends*

**BOXLIFE**  
*Our #number 1 for...*

## Get more out of your CUV by putting more into it. This is unique for BOXLIFE.

When you choose a BOXLIFE you opt for the greatest variability a CUV has to offer. The standard rear lifting bed can be used at different heights and adapted to your individual needs with further options.

*When you choose the optional extra bed you will receive up to 4 further usage variants*

**1. Storage space series.** The highest setting of the rear lifting bed provides maximum storage space e.g. for e-bikes and other luggage.

**2. Bed series.** Each BOXLIFE is equipped with a rear lifting bed with two-layer cold foam mattresses.

**Additional bed.** The additional bed is attached under the rear lifting bed, it can be removed flexibly, and the divided slatted frame enables an individual use.

**A. Couch option.** The rear slatted frame can easily be folded up. That way, you will receive a couch with a unique view.

**B. Longitudinal double bed as an option.** In layouts with a rear lifting bed the lower additional bed can also be used as a spacious double bed with longitudinal sleeping areas in minimum storage space.

**C. Transverse double bed as an option.** Two additional sleeping areas and use of storage space up to a bicycle and other luggage.

**D. Transverse single bed as an option.** One additional sleeping area and use of storage space up to two bicycles and other luggage.

### STANDARD EQUIPMENT

**Starting with 2 sleeping places.** You can raise and lower the double rear lifting bed to your individually selectable sleeping height. The available storage space in the rear is determined by the position of the lifting bed.

**Travelling with maximum storage space.** The diesel-powered heater and 2.5 kg gas cylinder bracket are located under the dinette seating section. This way almost the entire vehicle width can be used as flexible storage space.

### OPTIONAL FEATURES

**For cosy evening hours.** Move the rear lifting bed to its top-most position and simply fold up the rear slatted frame of the additional bed in order to use the couch.

**Additional bed variants.** The additional bed can be used as a single or double transverse bed in layouts with rear lifting beds. In layouts with a rear lifting bed lengthwise as double bed in longitudinal and transverse direction or as a single bed in transverse direction.

**New freedom of choice.**

The fun of barbecuing or fresh crudités from the farmers' market? There is plenty of room for all things delicious in the spacious kitchen cupboards. So you can decide what to plate up as the mood takes you.

- 1. Rinsing & Cooking.** The high-quality sink is seamlessly integrated into the worktop for durable quality. The two-burner hob provides additional safe storage space when not in use thanks to the hinged glass cover.
- 2. Worktop extension.** Get extra space for preparation in one simple action.
- 3. CUV compressor refrigerator with double opening.** Can open in either direction, depending on where you are standing.

### Active holidays can be this relaxing.

The innovative Vario rear concept facilitates multifunctional use as storage and living space at the same time. Ideal for Lisa and Alexander, when he's already recovering from paragliding and she's just back from mountain biking.

**1. Swivel TV bracket.** Watch TV from the comfort of the dinette or even your bed.

**2. Rotating table extension.** The floating dinette table offers maximum legroom as well as plenty of extra space for eating, working, planning your trips or whatever takes up the most space when you are on holidays.

**A family's best friend.** With its variable concept, the BOXLIFE 630 ME is perfectly suited for relaxed family holidays. There is a favourite spot for everyone here and enough storage space for all of the luggage needed when travelling.

**1. Lots of light and even more storage space.** The large Midi-Heki ensures a bright ambience with plenty of natural light. The shelves and storage units above the driver's cab and dinette provide lots of extra storage space.

**2. Storage space in the floor.** The extra compartment is particularly handy for shoes and the like.

BOXLIFE 630 ME

and **pages 88 - 89** for our bathrooms.

LIFTING SINGLE BEDS BOXLIFE 630 ME

**More options for even more space.** The Williams family enjoys the optional open bathroom, which offers even more space thanks to the separate shower cabin and also ensures that the rear longitudinal beds in the BOXLIFE 630 ME are up to 90 mm longer.

- 1. Open bathroom.** The bathroom can be efficiently organised by moving the shower cabin into the passage.
- 2. Stowing and drying.** There are numerous shelves for storage, while the folding laundry rail gives you a place for hand towels.
- 3. Outside shower.** Especially handy for outdoor enthusiasts: the water connection at the rear is ready to use in a few quick actions.

# PERFECTLY DESIGNED FOR 100 % TRAVEL ENJOYMENT

You always arrive better with our CUVs thanks to the smart designs, countless innovations and practical features. Taken all together, the result is unlimited holiday pleasure.

The optional rear view camera is perfectly integrated into the rear panel and offers you perfect visibility to the rear

You can choose to bring even more along thanks to the optional trailer hitch. Ideally, combine with the Maxi chassis. For more details, check out page 7

Black gloss polished front

The 17" alloy wheels in an exclusive KNAUS design come in two versions and create a particularly dynamic and harmonious overall look

Titanium metallic paint

## 1. PERFECTLY DESIGNED HIGH ROOF <sup>2</sup>

The additional GRP roof structure in our BOXSTAR XL high-roof models ensures an incredible interior height of up to 238 cm. Thanks to the optimal insulation levels achieved through the special double-shell structure, the indoor climate throughout the vehicle, and especially in the high roof bed, is always pleasant at both high and low temperatures. The high roof's aerodynamic shape fits harmoniously into the overall look. Elevated side strips with integrated rain gutters ensure optimal drainage of rainwater and slush. The extra recesses for the roof structure improve the vehicle's stability and handling.

## 2. AIR CONDITIONING <sup>3</sup>

Our optional air-conditioning systems pleasantly cool the interior in tropical temperatures. Choose between manual and automatic versions for the driver's cab – always with a pollen filter included. We offer the Dometic Freshjet 1700 roof air conditioner for the living area. Air is efficiently distributed in various directions thanks to the individually adjustable air flow. The air conditioner can also be conveniently operated by remote control.

## 3. SCREEN DOOR <sup>1</sup> & STEP <sup>3</sup>

It boils down to the details. Such as, for example, the standard fly screen door or the electric step, which automatically retracts if forgotten before driving off. And we also install a manual closing aid to make it easier to close the large sliding door.

## 4. BICYCLE RACK <sup>3</sup>

Tailor-made bicycle rack systems allow you to safely transport your bicycles. In our BOXSTAR models, the rack system is mounted to the rear door and can be simply folded away when not in use. The doors can also be opened with bikes loaded on the rack. Thanks to the Vario rear concept, our BOXLIFE models can be upgraded with the unique Thule VeloSlide. For more details, check out page 99.

## 5. LEAK-PROOFNESS GUARANTEE <sup>1</sup>

For all our leisure vehicles, we offer you a 10-year leak-proofness guarantee on the body manufactured by us as well as a 24-month guarantee from your KNAUS partner within the framework of our guarantee conditions valid at the time of vehicle delivery.

<sup>1</sup>Across all series    <sup>2</sup>Dependent on model    <sup>3</sup>Optional

## Everyday life, leisure or holiday? The CUV generation can do it all.

Enjoy today to the maximum and start the next day feeling refreshed. That's not possible? Sure it is! With our manoeuvrable and well-equipped CUVs, you always enjoy five-star comfort with all the benefits of home. From the windows to the mattresses, we always aim for the highest material quality and well thought-out details and solutions.

### 1. LARGE ROOF VENTS<sup>1</sup>

Large roof vents in all of our CUVs ensure a pleasant living area with plenty of natural light. We install a 700 x 500 mm Midi-Heki and 400 x 400 mm clear skylight as standard. A third roof vent in the centre of the vehicle measuring 400 x 400 mm is available as an option. In our BOXSTAR XL high roof models, the optional panoramic roof and hinged window at the rear allow plenty of extra light inside.

### 2. FRAMED WINDOWS WITH COMFORT ROLLER BLINDS<sup>1</sup>

Our CUVs are all equipped with SEITZ S7P frame windows, also in the bathroom. These provide the windows with cold-conduction-free insulation, which can be darkened in a particularly easy and opaque way thanks to a special comfort roller blind system. The blinds are integrated in the dinette area and by the longitudinal beds behind a front wall panel. For lasting value preservation, we also seal the cut edges on all openings with corrosion protection.

### 3. WELL THOUGHT-OUT DINETTE<sup>1</sup>

We pay attention to every detail so that you still feel comfortable sitting here even after many hours. The floating dinette table offers unimpeded access and plenty of extra legroom. It can also be simply swivelled out to make it bigger. The seating group impresses with ergonomic cushions and adjustable seats. This means that the bench can be extended into the corridor with just one action and can also be used while travelling. The backrest inclination can be adjusted to suit any posture.

### 4. EXCELLENT SLEEPING COMFORT<sup>1</sup>

Standard range, excellent two-layer cold foam mattresses<sup>1</sup> in our CUV ensure a restful night's sleep. Those who like even more luxury can indulge themselves in the optionally available EvoPore mattresses with WaterGel edition<sup>2</sup>.

### 5. OPTIMUM INSULATION<sup>1</sup>

All parts of our CUVs are insulated with innovative materials in a multi-stage process, with closed-cell polyethylene foam used in the ceiling and side walls. This prevents the formation of cavities in which water can collect. On the inside, the textile, soft-touch wall covering ensures a pleasant indoor environment and an especially homely atmosphere.

<sup>1</sup>Across all series    <sup>2</sup>Dependent on model    <sup>3</sup>Optional

## With this technology, you are perfectly prepared for every season all over the world.

You cannot see it, but it feels really good. With our sophisticated supply system, you have the peace of mind of knowing that you will still have running water even in cold temperatures and will never have to sit with cold feet in the dinette.

*The optional GPS tracking system from Velocate offers perfect anti-theft protection. For more details, check out page 98*

### 1. OPTIMUM WATER SUPPLY<sup>1</sup>

With a fresh water tank that can hold up to 102 litres, our CUVs allow you to travel self-sufficiently for even several days at a time. The new BWT water filter ensures a supply of perfectly hygienic water, even in risky regions. When temperatures dip, warm air circulation prevents the water freezing.

### 2. WELL THOUGHT-OUT GAS SUPPLY<sup>1</sup>

(2a) The diesel heater included as standard in our BOXLIFE models ensures that gas consumption is kept to a minimum. A 2.5 kg gas bottle is perfectly sufficient for a reliable gas supply to the gas cooker and can be positioned directly next to the fresh water tank to save on space. (2b) In our BOXSTAR models, the heater is operated the conventional way with gas. We have therefore left enough space for up to two 11 kg gas bottles. The gas bottle locker can be securely locked.

### 3. EMPTYING THE TOILET FROM OUTSIDE<sup>3</sup>

The toilet cassette is accessed via the sidewall door making it easy to empty.

### 4. INNOVATIVE HEATING SYSTEM<sup>3</sup>

For optimum heat distribution, we consider all components in the heating and installation system during the design phase. This results in the well thought-out overall design of our CUVs, which offers many other benefits in addition to perfected heat distribution. For example, the special positioning of the heating system gives the vehicle a lower centre of gravity, which improves its stability. Furthermore, this saves on space in the rear in particular, which means you have additional storage space at your disposal. The optional underfloor heating<sup>3</sup> extends from the dinette platform to the passage to the bed area.

### 5. FLOOR STRUCTURE<sup>1</sup> & TEMPERATURE-CONTROLLED DINETTE PLATFORM<sup>1</sup>

We manufacture the base plate, which is perfectly adapted to the body shape, in a sandwich design. In addition to an added insulation effect, this gives our CUVs a maximised interior standing height. We also install an intermediate floor in the dinette, which ensures pleasantly warm feet thanks to temperature control.

### 6. HEAD-UP DISPLAY & NAVIGATION SYSTEM WITH CAMPING SOFTWARE<sup>3</sup>

The new head-up display uses a transparent screen to project all key data, such as navigation and speed as well as traffic-sign recognition information, into the driver's field of vision. Drivers don't have to take their eyes off the road unnecessarily and can focus better on what is going on around them. For an even more stress-free and entertaining journey, the Pioneer navigation system offers everything you need for short and long trips. With intuitive multi-touch control, maps of 44 countries in Europe, a DAB+ receiver, Apple CarPlay, Android Auto, Parrot Bluetooth hands-free functionality and optimum sound thanks to the on-board 13-band equalizer, it offers everything you could expect these days of a multimedia navigation system. It also comes with 3 years of free map updates.

*Positioned to save space the heater in the CUV is always located under the dinette bench*

<sup>1</sup>Across all series    <sup>2</sup>Dependent on model    <sup>3</sup>Optional

## Our filter for a clear holiday pleasure

**NEW**

As beautiful as the destination may be, the view into the fresh water tank can quickly spoil happiness. Unfortunately, clean water is not taken for granted everywhere. It's all the more important that you have the possibility to supply yourself with purified water. The high-performance filter system from our partner BWT offers the best conditions for this.

*Contaminated water can not only spoil your taste but also endanger your health*

*The BWT water filter works absolutely chemically free*

*Boiling and showering with hygienically clean water is one of KNAUS standards for carefree holiday enjoyment*

### BWT BESTCAMP WATER FILTER

The handy water filter leaves nothing to be desired in terms of hygiene thanks to its ultrafiltration membrane. Microorganisms are effectively removed from the raw water. This allows hygienically perfect water to be produced without any chemicals whatsoever. The water filter can be installed in all our leisure vehicles and easily connected.

**Top-class technology:** thanks to the highly efficient hollow fibre membrane, the water filter achieves an excellent retention rate for microorganisms > 99.9999 % (log6). The large membrane surface ensures a high throughput and thanks to the manufacturing from completely food safe materials no unwanted substances get into the water.

**Practical application:** an 8 mm "John Guest" plug connection ensures particularly simple, tool-free installation. This also ensures that the water supply is guaranteed even when no replacement filter is available.

**Healthy enjoyment:** the water filter system minimises the risk of germs in the water. Especially in high-risk regions, the filter proves to be a useful tool for prevention and actively contributes to the protection of your health.

#### This is how easy it is to install & change the filter

1. We only install the filter when the vehicle is handed over so that you can use it for the full period of up to 6 months.

2. Installation is particularly easy thanks to the plug connection and clear markings.

3. The filter can be kept for up to 6 months from the day of installation. A special button shows the current status.

4. If no replacement filter is available, the intermediate piece guarantees the further water supply.

## We don't build castles in the sky, but furniture that creates a good indoor environment

The demands placed on the furniture in our CUVs are incredibly high. An appealing design and lots of storage space are not enough. Durability, smart designs and technology that fascinates for a lifetime – those are our standards.

### OPTIMAL INDOOR CLIMATE

One thing always comes as standard in our CUVs: a genuinely pleasing atmosphere. As simple as that sounds, there is a great deal of work behind it.

#### Soft-touch wall covering:

we use open-pore soft-touch moulded parts or foam-lined stretch fabric in sleeping and seating areas in all of our CUVs. Such soft surfaces don't just feel warmer and more pleasant compared to typical hard plastic panelling, they also prevent condensation from gathering on the surface.

#### Insulation & furniture attachment:

our designers aim to create the perfect environment in a compact space when building our CUVs. This is why we use innovative solutions in fitting furniture and insulation that is resistant to rot.

### 1. FULL CARCASS FURNITURE & DOWEL TECHNOLOGY<sup>1</sup>

The pieces of furniture installed in our CUVs have a solid rear wall, giving them a particularly stable structure. They are not, as is often the case, fixed flush to the vehicle bodywork without a back wall, a practice which promotes the formation of condensation. Instead, they form an independent unit in themselves. They fit perfectly into the overall scheme of the vehicle, being torsion-resistant, solid, and stable, whilst also ensuring perfect quality even after many years of service. Our furniture is joined using a sophisticated dowelling method as standard. This allows us to achieve a very precise fit and considerably more stable structure so that your furniture will continue to serve you well, year after year.

### 2. STABLE SOFT-CLOSE FULL-EXTENSION SLIDES<sup>1</sup>

Due to the full-extension slide, the ball-bearing mounted drawers from GRASS, a leading supplier, slide out so far that they can be filled or emptied easily right to the very back of the drawer. They are precisely guided and close gently.

### 3. SCRATCH-RESISTANT HPL SURFACES<sup>2</sup>

High pressure laminates and continuous pressure laminates are laminates that are specifically used for heavy loads such as in kitchens. The multi-layer construction is produced under extremely high pressure, then sealed with an exceptionally robust surface layer. This makes our work areas and tabletops (always HPL) particularly scratch-resistant.

### 4. ADJUSTABLE SOFT-CLOSE DOORS<sup>1</sup>

The cupboard doors are fitted with quality soft-close hinges so that they always close quietly, regardless of how much force was used to close them. This is for the entire life of the vehicle, and probably beyond. If a door doesn't do what it really should, then the hinge can be easily adjusted if necessary.

### 5. FLOATING DINETTE TABLE<sup>1</sup>

Our newly developed CUVs are all equipped with unimpeded dinette access. With no obtrusive table legs, you enjoy all of the legroom. Thanks to the highly stable yet invisible screw connection to the outer wall, the dinette table is naturally just as robust as a conventional table with a supporting leg. A swivel-mounted table extension offers additional storage space in one quick action when you need it and efficient use of space when you don't.

<sup>1</sup> Across all series    <sup>2</sup> Dependent on model    <sup>3</sup> Optional

# KITCHEN VARIANTS: FROM COMPACT TO SPACIOUS

The kitchen is the heart of your home and you couldn't enjoy your holiday without a large refrigerator? Or maybe you're the kind of person who needs a hearty breakfast and that's it? Either way, we have something for every taste with our two kitchen variants.

*The optional, multifunctional KNAUS bag also serves as a waste bin and fits perfectly into the recess at the side of the kitchenette*

BOXSTAR 600 SOLUTION

COMPACT KITCHEN BOXSTAR 540 ROAD

## COMPACT KITCHEN

- 1. Integrated refrigerator.** The CUV compressor refrigerator is fitted at the bottom of the kitchenette and can hold up to 70 litres.
- 2. Efficient use of space.** Thanks to the well thought-out arrangement, there is still space between the kitchenette and sleeping area for a wardrobe with hanging rail.

**Layouts:** BOXSTAR 540 ROAD, 600 LIFETIME & LIFETIME XL, BOXLIFE 540 MQ, 600 ME & MEH

GALLEY KITCHEN BOXSTAR 630 FREEWAY

## GALLEY KITCHEN

- 1. 90 litre volume.** That's what you get with the refrigerator installed on top, including whisper-quiet night time noise reduction system.
- 2. Everything's covered.** The stainless steel sink can be covered with a special insert & used as additional workspace. The cooker has a glass cover.

**Layouts:** BOXSTAR 600 STREET & STREET XL, SOLUTION, FAMILY, 630 FREEWAY, BOXLIFE 600 DQ, MQ, 630 ME

# LIFTING BED VARIANTS: FROM CLASSIC TO VARIABLE

For everyone who needs an additional separate sleeping area, our front lifting beds are the solution. Whichever variant you choose, you can always rely on especially simple handling and maximum sleeping comfort.

*Single or double bed? The Vario front lifting bed always offers just as much space as you need at the time*

## CLASSIC FRONT LIFTING BED

**1. Sleeping comfort.** Enjoy a comfortable rest on two cold foam mattresses with headroom of 50 cm. The classic front lifting bed can be very easily raised and lowered manually using the handle. Click fasteners and high-strength safety belts fixed to the roof ensure optimum safety when the bed is in the stowed position.

**2. Comfortable height.** When the bed is stowed, you enjoy a comfortable standing height.

**3. Protection against falls.** The classic front lifting bed is also suitable for children thanks to the special safety net. When not needed, it can be removed using the click fastener.

**Standard:** BOXSTAR 600 SOLUTION, BOXLIFE 600 DQ  
**Optional extra:** BOXSTAR 630 FREEWAY, BOXLIFE 630 ME

## VARIO FRONT LIFTING BED

**1. Room above and to the side.** The Vario front lifting bed with headroom of 100 cm and side extension offers maximum variability and premium sleeping comfort.

**2. Electric motor.** An electric motor is also available as an option for even greater ease of use.

**3. Standing height.** When the lifting bed is not needed, you enjoy a comfortable standing height in the kitchen area.

**Optional extra:** BOXSTAR 600 SOLUTION, BOXLIFE 600 DQ, BOXSTAR 630 FREEWAY, BOXLIFE 630 ME

# BATHROOM VARIANTS: FROM COMPACT TO SPACIOUS

Having your own wellness oasis with you at all times is a real plus for those who don't know today where their love of travel will take them tomorrow. With a KNAUS CUV, you can choose between a standard compact bathroom and optional open bathroom.

## COMPACT BATHROOM

*To see how the compact bathroom works in the overall concept, check out page 23*

- 1. Feeling of space.** The homogeneous room division integrates perfectly into the overall layout. In this case, the passage to the rear bed through the separate bathroom area is only used as such.
- 2. Perfectly designed.** The rotating toilet offers optimum legroom and the patented shower curtain is always kept away from you thanks to the special air chamber ring.
- 3. Multifunctional.** The mirror can be very easily moved to the left and right. It can therefore serve either as splash and fall protection for the closet or as a privacy screen in front of the window.

*And from page 38 onwards, you can see how the open bathroom and ambient lighting work together*

## OPEN BATHROOM FURNITURE VARIANTS

If you choose the optional open bathroom, you not only get a spacious shower cabin, but also benefit in other ways. After all, the bathroom as a whole can be narrowed by extending it into the passage, which impacts nearby furniture modules depending on the layout.

### Layouts with a transverse bed

#### BOXSTAR 540 ROAD, BOXLIFE 540 MQ

Selecting the open bathroom here means that the rear transverse bed, ceiling-mounted locker and storage compartments are all around 90 mm wider.

#### BOXSTAR 600 STREET, 600 STREET XL, BOXLIFE 600 MQ

The additional space is used here for a full-length wardrobe installed between the bed and bathroom and offering additional storage space.

### Layouts with single beds

#### BOXSTAR 600 LIFETIME, 600 LIFETIME XL, 630 FREEWAY, BOXLIFE 600 ME, 630 ME

The rear single bed extends here on the driver's side; the ceiling-mounted locker and storage compartments are larger.

*Thanks to the extendable acrylic glass partition, everything in the toilet area remains dry while you shower*

## OPEN BATH

- 1. Feeling of space.** If you choose the optional open bathroom, the bathroom area extends into the corridor. Check out the information box on the right for details of the effects.
- 2. Spacious shower cabin.** In just a few actions, you get an especially large shower cabin, including three drains. With a half turn, the cabin also functions as a room partition.
- 3. Bi-functional washbasin.** Thanks to the folding function, the compact handbasin is turned into a large washbasin in no time.

# 100 % KNAUS 100 % INDIVIDUAL

Design your CUV your way. Our CUV becomes yours with the numerous décor packages and upholstery variants. And the one thing you can be sure of is premium KNAUS quality and optimum comfort.

## BOXSTAR & BOXLIFE UPHOLSTERY VARIANTS

## Pleasant seating comfort is not an option but part of the standard equipment

Whatever upholstery you opt for, you can always rely on one thing: comfortable seats that have been optimised for the respective model are included as standard in all KNAUS CUVs. That is why we use ergonomic seat cushions that help you to maintain a healthy posture. For that extra bit of comfort, the dinette can also be equipped with adjustable individual seats as an option.

## FABRIC OPTIONS

**Standard fabrics** all convince with durable materials and an attractive design that matches the respective furniture decor.

- + Antiallergic, breathable & skin-friendly
- + Tested for high colour fastness
- + Durable and easy to clean

**ACTIVE LINE** fabrics are extremely easy to clean. Liquids do not seep in immediately and most stains can be removed with a damp cloth.

- + Antibacterial
- + Lotus blossom effect
- + Breathable
- + Water & oil repellent
- + Care protection

## COZY HOME-PACKAGE

Enhance your motorhome with a COZY HOME package. From fresh to classic, there is something for every taste. Each package contains two large (60 x 40 cm) and two small (40 x 40 cm) pillows with feather filling, as well as a matching table runner and two soft blankets.

- 1. MAGNOLIA
- 2. EARTH
- 3. AVOCADO
- 4. STONE
- 5. PEACH
- 6. AQUA

## RENT AND TRAVEL

You would like to buy a leisure vehicle, but wish to test in advance whether it really suits you? Then the RENT AND TRAVEL service is just right for you. **Search for your favourite layout comfortably online or in a travel agency.** Together with a **Germany-wide network of over 150 rental stations** with over 1,650 rental vehicles and more than 360 partner travel agencies, RENT AND TRAVEL supports you in your decision for the right vehicle. You can also profit from our large service portfolio, such as **route suggestions** and numerous **cooperations with camping and parking sites**. Enjoy the practical holiday test!

Bookable online at [www.rentandtravel.de](http://www.rentandtravel.de) or via our 360 partner travel agencies

# OUR WORLD OF TRAVEL

## OUR SUPPLIERS & PARTNERS

With the products of our **strong and reliable partner companies**, every KNAUS motorhome becomes still a little better. We only work with **hand-picked professionals** and jointly **develop tailor-made solutions** for our leisure vehicles and your travel happiness so that you can also rely on the **highest quality standards**.

*State-of-the-art technology: you can control & monitor many things via apps*

NEW

### STRONG PARTNERS & FEATURES

#### BWT water filter NEW

Our partner for hygienic fresh water supply. The high-performance filter system from BWT has been specially developed for the requirements of our leisure vehicles. **More information can be found from page 80.**

#### VELOCATE GPS tracker NEW

Velocate's innovative GPS tracking system ensures optimum theft protection thanks to intuitive app control with silent alarm mode and a stand-alone mileage of up to 3 months without power connection. **More information can be found on [www.knaus.com](http://www.knaus.com)**

#### PIONEER head-up display NEW

The new head-up display ensures even greater comfort and safety while travelling. All key data, such as navigation and speed, are projected into the driver's field of vision via a transparent screen. **For more details, check out page 78.**

#### PIONEER navigation system

The seamlessly integrated Pioneer NavGate EVO navigation and entertainment system can be intuitively operated. An integrated DAB+ receiver ensures noise-free radio reception, and 5,600 parking areas all over Europe are pre-saved for your trips. Three years of map updates are included, as well as quick access to the rear camera and voice control via smartphone.

#### TEN HAAFT satellite systems

Enjoying TV in KNAUS vehicles is even more convenient and user-friendly thanks to the optional Oyster 60 Premium satellite systems from ten Haaft. The systems offer clear TV reception, technical highlights such as smartphone app control and much more.

#### TRUMA supply technology

Our partner TRUMA offers supply technology with maximum quality. With the intelligent Truma iNet system, you can even very conveniently control your air-conditioning and heating systems as well as your gas supply via app.

*Perfect fit for the unique BOXLIFE Vario rear concept*

## THULE VELOSLIDE BICYCLE RACK

The **system is mounted in the rear area**, making it an **especially user-friendly and secure** way to transport your bicycles and electric bikes. The base frame can be pushed to the side to save space or completely removed when not in use. Thanks to **robust support arms and wheel holders with a ratchet function**, the bicycles are securely fixed and don't slide around while travelling.

*A fantastic team: the Vario rear lifting bed and Thule VeloSlide*

NEW

*For convenient loading and unloading, the rack can be moved outwards particularly far by hand*

## FRANKANA FREIKO

There are some things that you **simply cannot do without on the camp site**. You can rely on the KNAUS collection by our partner Frankana Freiko.

*7-step adjustment*

*4 each in the set*

*Turns the chair into a comfortable lounger*

The information on the delivery contents, measurements and weights as well as the appearance correspond to the knowledge at the time of printing (07/2019). We reserve the right to make changes on equipment, technical data, serial equipment and prices. After a contract has been concluded, we reserve the right to make technical changes within the framework of the construction insofar as they serve technical progress and are acceptable for the customer. Minor colour and texture deviations are also reserved - even after conclusion of the contract - insofar as these cannot be avoided due to the material (e.g. colour deviations of up to approx. 2.0 dE between paint on sheet metal and paint on GRP/plastic) and are reasonable for the customer. Some of the illustrations show optional equipment that is available at an extra charge or equipment features of prototypes/studies that do not conform to the serial status and in some cases will not be available as optional equipment. Colour deviations are print-technically possible. Therefore, before purchasing a vehicle, please seek comprehensive advice on the current status of the series from an authorised dealer. The decoration shown in the catalogue is not part of the equipment supplied. Please also note the comments in the current price list, in particular on weights, payload options and tolerances. Reprinting, even in extracts, is only permitted with the prior written permission of Knaus Tabbert GmbH. We reserve the right to change content at our discretion.
